START MEMO NOMINATING-JUSTIFICATION:  
Mr. Ashraf Amin has been well known to the PA-Cairo for  
long years. He has cooperated to publish Washington File  
scientific stories, in particular, out of personal  
interest, especially U.S. scientific, technological,  
environmental and medical developments and discoveries. He  
also published several stories about different U.S. Embassy  
cultural functions, the most recent of which was "Circus  
Guy" due to its connection with science and environment.  
Ashraf's reputation as a diligent contributor to leading  
pro-government "Al Ahram" newspaper led to his recent  
promotion to be the head of its Scientific Section.  
Despite his long cooperation with the U.S. Embassy PA  
Section, he has never been to the U.S. An IV program in  
the U.S. will be an ideal first-hand opportunity to boost  
his knowledge of the U.S., especially scientific  
developments, which would reflect on his work upon return.
